Sprint 4 Plan

Agile Scrum Tracker

V1.01
Update: 11/22/21

Goal: Wrap up product for MVP demonstration.

User Stories

1. As a developer, I would like to see the full Backlog page regardless of device screen size.[3]
    a. Change the formatting of Backlog page, create User Story and create task [3] (Brandon)

2. As a developer, I would like to see Sprints with proper naming in the dropdown of the sprint backlog and the scrum board.[4]
    a. Make the dropdown for sprint selection have proper names.[4](Ryan)

3. As a dev, I want to see consistent styling across all pages
    a. Review for Home Page [3] Niland
    b. Review for Scrum Board [3] Niland
    c. Review for Backlog [3] Brandon
    d. Review for Sprint Back [3] Ryan
    e. Review for Settings Page [3] Matt

4. As dev, I'd like to see tasks on the scrum board have color-coded tasks.[2]
    a. Add either color border or color button to individual tasks[2](Matt)

Spikes:
    Create integration tests for each page[2] Niland
    Create an E2E test for several user workflows[2] Niland
        -going to use jest and puppeteer

Initial tasks
    Matt:
    Niland: Working on styling the scrum board, then adding tests.
    Brandon: Change the formatting of Backlog page, create User Story and create task
    Ryan: Review Styling for Sprint Backlog page
